1. ANTI- LITTERING POLICY

We, at IPHS believe that children have a right to work and learn in a clean and litter-free environment. The children should have a responsibility in keeping their school and community clean. Our aim is to educate children on the effects of littering in the community and the World in which they live. IPHS believe that **'Cleanliness is next to godliness'**.

The children are aware of the three 'R's': Recycle, Reuse and Reduce. They consciously follow the three 'R's' when tidying their classrooms and the School. They are mindful of the effect their behaviour towards their surroundings results in the World and the Global effects as a whole.

All members of the school community have a responsibility:

- **Not to drop litter.**
- **To use recycling bins whenever possible.**
- **To be aware of what can be recycled.**
- **To pick up litter and dispose of it appropriately**
- **To assist the school helpers /attendants to maintain a clean site wherever possible.**

All staff have a collective responsibility:

- To support children in their understanding of what bin to use for dry and wet waste.
 - To use the recycling bins for all paper, plastics and cardboard. To encourage children to look at the posters in school.
 - To educate pupils on the consequences of dropping litter and the adverse effects on our environment.
